

# Through the **looking glasses**

By **Ellie E**

Sixty per cent of people wear glasses. I find they are quite annoying and you forget you have them on, but what do other people think?

Biba (6 Birch) says: "They are really annoying, and when it rains you can't see A THING!"

Katie M (6 Birch) says: "THEY ARE REALLY HORRIBLE!"

"Especially in the rain."

However, Fleur (6 Cedar) disagrees.

She says: "I think they are very fashionable."

Charlotte (6 Cedar) wears glasses because she has a lazy eye. She says: "They're great because I wouldn't be able to see

anything properly and I would be treated differently. We are just the same as anyone else."

Mrs Murphy loves her glasses and says she much prefers them to contact lenses.

## It's exciting. It's fun. It's Rhos Y Gwaliau

By **Gwen and Lilia**

All Year 6 pupils at JRJ have the chance to go to Rhos Y Gwaliau each January. Thanks to the staff for making this experience possible. This year, the favourite activity of the week was gorge walking.

But it's not just the kids who had fun – the adults did too. Mrs Kirk said: "My favourite activity was the canoeing." She also liked making

popcorn. Other activities were night walking, mine, mountain climb, hill trail, rock scrambling, zip wire, and night line.

## Choir makes a song and dance of it

By **Martha**

On 21 March, JRJ Choir performed at Wembley in London. We practised lots of songs, including This is Me, A Million Dreams, and Skin. We also had to learn dance moves.

The event is called VIAM (Voice in a Million) and raises money for children without parents.

## Cat ears are puur-fect

JRN have noticed that lots of pupils are wearing cat ears. Grace Proudfoot (Cedar) and Rachel Cooper (Alder) are pictured showing these new must-have items. They can be bought in most high street fashion shops, such as H&M and New Look. They come in many shapes and forms; some are even studded with gems! No wonder they are a playground sensation. **Fleur**
