

## John Rankin Sport Premium Action Plan and Impact Statement 2021-22

As a Local Authority organisation, our federation is eligible for the Primary School Sport Funding Grant. JRS will receive £37,220 for the 2021-2022 academic year as well as £49,060 carried over from 2020/21. Total £86,280.

There are 5 key indicators we want to improvement across:

1. Ensure all children are meeting the national expectation of physical activity for their age group.
2. Increased level of external companies, staff lead clubs or activities before, during or after-school, for all children across the whole federation; especially those who do not currently attend clubs, with many of them being non-fee paying.
3. To increase the percentage of children taking part in competitive sport, firstly in PE sessions but with more focus on engaging with other schools within the local authority through match fixtures.
4. The continued support of a fully diverse PE curriculum with less common sports in primary schools and the UK, with more emphasis placed upon mindfulness and lifelong physical activity.
5. Ensure that we utilise the skills of sports professionals (such as the PE Lead) concerning our planning, preparation, teaching and assessment, while developing staff knowledge and confidence within the subject.
